## **WELCOME**

Palatka High School students and staff and our entire community take pleasure in hosting the 1980 State Wrestling Tournament. We sincerely hope that you will find Palatka a wholesome, hospitable place that graciously invites many return visits.

I personally commend all athletes and coaches who are participating in this tournament for the dedicated discipline and diligence they have displayed in training and competing throughout the season to attain this level of excellence in wrestling skills. A vote of appreciation goes to the deserving parents and spectators who enthusiastically support the athletes at home and away from home. I'm sure that your support has helped them reach such a high level of achievement.

May each participant compete in the tournament with the satisfaction of knowing he has exerted maximum effort and produced his peak performance for the year in this final contest. Good luck and may the best men triumph!

Sincerely,  
Carl Herring  
Principal

## HOW TO WATCH AN AMATEUR WRESTLING MATCH

### What's Happening...

#### FIRST

Both wrestlers come forward from the sides of the mat, get instructions, shake hands.

#### NEXT

The referee blows his whistle, and signals "Wrestle."

#### NOW

Each wrestler is trying to get control of the other by getting him down and gaining control - a "Takedown."

#### POINTS

The first points are likely to be given for a takedown. When one wrestler gets a takedown, the referee signals two points with his right hand.

#### THEN

The defensive (usually the bottom or "down") wrestler is trying to escape or reverse his position - to get on top or behind.

The offensive (usually the top or "up") wrestler is trying to stay on top and get a hold with which he can keep his opponent's shoulders on the mat for one second - FALL or PIN.

## EVERY MATCH HAS THREE PERIODS

#### FIRST PERIOD

(2 minutes) ...Starts from a standing or neutral position.

#### SECOND PERIOD

(2 minutes) ...Starts from the referee's position.

#### THIRD PERIOD

(2 minutes) ...Starts with the positions at the start of the second period reversed.

## SCORING

#### TAKEDOWN ..... 2 points

**REVERSAL** ..... 2 points

Getting out from underneath an opponent and behind or on top of him by one maneuver.

**NEAR FALL** ..... 2 points

When both shoulders of the defensive wrestler are held within four inches of the mat, a 2 point fall shall be scored. Also, when one shoulder of the defensive wrestler is touching the mat, and the other shoulder is held at an angle of 45 degrees or less with the mat, for one second or more.

**NEAR FALL** ..... 3 points

When the above criteria has been met uninterrupted for five seconds, a three point near fall shall be awarded.
